Designer Suites with a difference...

The Best Suite is our largest. Decorated in contemporary colours, a huge raised bed overlooks an informal lounge complete with large comfortable sofas and a plasma TV. Through a pair of sliding bamboo doors reveals a centre rolltop bath flanked by his and her sinks and walk-in monsoon shower.

The tastefully furnished Antique Suite has a stunning original wooden floor and features a huge, inviting sleigh bed. The superbly fitted bathroom is complete with rolltop bath and monsoon shower.

The Bullnose Suite is full of character and is shaped as it's name suggests. Calming earthy colours, stylish 'Philippe Starck' style transparent seating and a mirrored dressing table give this suite a touch of luxury.

The Japanese Suite is classy yet understated with an enormous bed and large wall hung plasma TV. A feature of this suite is the glass doors resembling Japanese sliding paper doors concealing a large free standing bath, twin sinks and a separate wet room.

The devilishly sensual Cabanel Suite features a seductive, circular bed set in it's own alcove and a large, comfortable seating area. Located in the heart of the room is an inviting rolltop bath, big enough for two - ideal for those romantic weekends away.

Named after it's former use the Laundry Suite is entered through a separate TV area. Ascend the staircase to reveal a sumptuous bed and stunning corner suite. The large corner bath is ideal for a long soak with a relaxing glass of champagne.

The West Wing...

The ultimate dine and stay package for that special occasion. The Cabanel, Antique and Japanese Suites are linked by a central hallway which can accommodate private dining for up to six people. Your stay can be tailored to suit your requirements from valet parking, private check-in, quality champagne and canapés, gourmet menu and discreet service - truly unique.

Designer rooms to enhance your stay

Our designer rooms are located on the first floor. Each room is individually styled and full of character featuring king size beds, 36 inch plasma tv's showing terrestrial and selected Sky channels and wet rooms or monsoon showers with roll top baths. You decide which is your favourite.
